Generating a PDF from your InDesign file

After checking your file, you can now export it to a PDF format.

Under the File tab, choose Export PDF.

Export	At the Save As prompt, type in the name
Save As: Untitled-2.pdf	of your file.pdf.
Where: Programme foot CPNF2011	Choose the repertory where you want it to
Format: Adobe PDF	be saved.
	Choose the PDF format.
Use Adobe Dialog	Save.
Cancel Save	

A new window will appear. You can now choose your options to finalize your PDF file.

Color images

If your images are above 450 dpi, reduce them to 300. Choose ZIP, or None, as a compression method.

Grayscale images

Use the same parameters as for colour images.

Monochrome images

Choose the CCITT Group 4 compression method.

Color conversion

Make sure colours in your document are correctly identified: black only if the document is black, cmyk if the document is in four-colour printing, no RGB. Eliminate unused colours.

Advanced

Fonts

Include subsets (100%).
